

ANTI-BULLYING AMBASSADOR JOURNEY

TRAINING DAY

Attend an Anti-Bullying Ambassador training session and gain all the skills you need to run successful anti-bullying campaigns!

ONE MONTH

You will have the opportunity to talk to the Anti-Bullying Team on the phone. We will help you with any questions or challenges, and discuss which badge you are thinking of working towards.

THREE MONTHS

You will work as a team to reflect on your progress and complete a progress form to tell us about everything you've achieved so far. We'll share tips on how to overcome any challenges you've faced.

SIX MONTHS

You may now be ready to apply for your first badge (Wellbeing, Community Action, Online Safety or Respect)! You will also have the opportunity to call the Anti-Bullying Team if you need any support with your application or campaigns.

TWELVE MONTHS

You will tell us about all of your hard work since training via an online progress form. This is your best opportunity to become our School of the Month and get a shout out in the newsletter and on social media!
